ABOUT THE INSTRUCTORS

KATE MOURA DA COSTA BARCELOS

Born in Rio de Janeiro, Brazil, Kate has worked with horses since 1986 – riding, horsemanship, jumping and dressage. She is also a licensed veterinarian doctor, graduated from UNESA in 2003, with a Masters Degree in Veterinarian Medicine - UFF - 2008 - with an emphasis on equine clinics and teaching. Kate is pursuing her doctorate now.

Her specialty discipline is dressage, which I have trained in since 1992. Kate was the South American Dressage Reserve Champion in 1998. Following that victory and honor, she graduated as riding/dressage coach in 1998 and became Dressage Judge at Confederação Brasileira de Hipismo in 2000.

She has worked with and expanded my knowledge of the Mangalarga Marchador horse breed from 1999. She has been a Riding/Dressage Coach for the ABCCMM (Brazilian Marchador association) since 2004. She has been Mangalarga Marchador Inspector for Preliminary Registration, a foal technician and expert - for the ABCCMM since 2006. In 2010, Kate became the first woman Mangalarga Marchador Inspector for Definitive Registration as well - judging conformation and riding horses over the age of 3 - for the ABCCMM.

She and her husband breed Mangalarga Marchadors and live in Minas Gerais state in Brazil.

TIAGO DE RESENDE GARCIA

Tiago is the ABCCMM Director of the ENA - the National School of Judges, for the Mangalarga Marchador breed. The ENA's objective is to train judges on how to evaluate conformation, gait, and functionality of the Marchador. In addition, Tiago and his large team of judges judge every sanctioned ABCCMM show in Brazil. The National Show is their largest event, bringing in about 1500 horses - every age, marcha picada and marcha batida - for 11 days in July.

Tiago is an international representative for the ABCCMM hosting symposiums and lectures to enlighten and inform Mangalarga Marchador breeders and owners in many countries. He has judged horses in Europe and in the U.S.

Tiago is also here this month to prepare and ride the Marchador horses selected to represent the breed at the PBR events later in the week.

Bonnie Springs Ranch

Bonnie Springs Ranch was originally built in 1843 as a stopover for the wagon trains going to California down the Old Spanish Trail. Bonnie Springs Ranch got its start back in the early 1950's when Al Levinson, a recently arrived New Yorker, met and married Las Vegas dancer and showgirl, Bonnie McGaugh.

Bonnie passed her strong love for the West and its historic past onto her husband, and together they ambitiously decided to recreate and preserve as much of the wild old Nevada as they could.

Levinson began building the little mining town of Old Nevada back in the early 1970's after doing extensive historical research and slowly gathering artifacts from the 1880's. Bit by bit, and piece by piece, Old Nevada grew, built really upon the curiosity and energy of Al and Bonnie.

The ranch has the "old town", railroad, chapel, motel, restaurant, zoo, trail rides and event facility.

PBR Fan Zone

The TYSON FAN ZONE & MARKETPLACE is a must-see while you are in Las Vegas for the 2014 PBR Built Ford Tough World Finals and is FREE and Open To The Public.

The Fan Zone offers several interactive opportunities including climate controlled shopping, the PBR University presented by TYSON in the Priefert Arena, PBR Sponsor booths from Ford Trucks, Jack Daniel's, Cooper Tires, Monster Energy Drink, The Express Clydesdales and More! PBR's exclusive entertainer, Flint Rasmussen, will be interviewing some of the top PBR Bull Riders during his "Outside The Barrel" Show on the entertainment stage each day. Special features returning in 2014 are the "Stock Contractors Alley" featuring appearances by some of the PBR Legendary Bulls from years past and "Chris Shiver's Miniature Bull Riding Finals" held in the Priefert arena.

New this year will be the Mangalarga Marchador horse demonstrations. You can take a test ride on one of Brasil's famous horse breeds.

Located at:

MGM Resorts Festival Lot across the street from the LUXOR HOTEL and at the MANDALAY BAY.
